

IPLOCA Innovation Committee

Fatih Can

Innovation Committee Chairman

INNOVATION COMMITTEE 2017-2018 ACTIVITIES

- Every year Two Novel Sessions held: this year one in Berlin and one in Geneva.
- New chapters and updates are being produced for RTS App.
- A more interactive website with dynamic links at RTS
- A new quarterly technical journal idea is being developed.
- Discussion Forums for the members.
- Business Plan for the ideas above initiated, and is ongoing.

INNOVATION COMMITTEE 2018-2019 IDEAS

Make IPLOCA the most popular networking and educative association in the industry

- Making current web based services more mobile, interactive, user-friendly, most upgraded and popular (search engine optimization-increased hit rate)
- Improving and updating integrated portal (WIKI)
- Publishing quarterly technical journals
- To make RTS more accessible through web based platforms and e-readers

NEXT NOVEL SESSION (INNOVATION MEETING)

It will be held together with H&S workshop

In Geneva, October, 24 - 25

Registration OPEN!!!
