

IPLOCA Corresponding Membership invitation

The International Pipeline and Offshore Contractors Association (IPLOCA) incorporates members from all over the world including major international onshore and offshore contractors and their suppliers embracing every discipline associated with the pipeline industry. For further details, please visit www.iploca.com.

The current challenging economic environment is encouraging all players in the industry to work more closely together to come up with common solutions for a constructive way forward.

IPLOCA strives to create opportunities for its members to interact and share ideas to improve efficiency.

At the Annual General Meeting held during our 2015 Convention in Singapore a new category of membership, Corresponding Member, was introduced and approved to invite oil & gas onshore and offshore owners and/or operators who have an interest in the work of IPLOCA to join the Association.

Annual membership for Corresponding Members is free of charge and allows your company to benefit from a whole range of technical guidance and briefings produced by IPLOCA. Representatives of Corresponding Members would be invited to participate in workshops, regional meetings and could register to attend our Annual Convention, giving access to the top management of contractors and suppliers to leading pipeline companies.

If your company is interested in becoming an IPLOCA Corresponding Member please complete the attached form and return it to the IPLOCA Secretariat in Geneva. In accordance with the IPLOCA By-laws, all applications for membership should be sponsored by two Regular Members of IPLOCA. Your request will then be formally presented to the Board of IPLOCA at their next quarterly meeting. All membership requests require approval of the IPLOCA Board of Directors for incorporation into the association.

If you would like any further information or have any questions, please do not hesitate to contact any member of the IPLOCA Board of Directors or the IPLOCA Executive Secretary on +41 22 306 02 30.
