Discussions

- To have a separate meeting just for this group in order for everyone to join after the coffee break in the afternoon
- R. Konda from Volvo has proposed to bring a specialist in the next fall session that will provide some expertise on the subject
- The subject will also be related in the convention in Prague
- Objective to is to know in which direction to go for everyone in order to be ready to start contributing in the next Fall session in October 2022

THANK YOU FOR YOUR ATTENTION
