Review of existing « ready » content

CHAPTER	Update required	TARGET DATE
8.1.8 Effect of pipe handing on barcoding	Add QR code and RFID technologies	April 2023
8.2 Fuel management	remove reference to regulation that are out of date and keep only fuel handling matters. move emissions topic to sustainability group	April 2023
8.6 Communication	To be updated (new techno, bandwidth...)	Oct 2023
8.8 Traceability	Lost ? Update with equipment telematics ? IVMS ?	Oct 2023
8.7.3.3 Helicopter lifting	To be developed	April 2023

- Way forward for the group:
 - Continue reviewing existing content for potential updates
 - Lifting section : Develop Helicopter lifting section
