Energy Transition Group

AWH updated the Group leaders on recent Board initiatives linked to the ETG work.

1. The new name and logo of IPLOCA
2. Collating Green statistics from regular member returns commencing in 2023
3. Themes for the Conventions following our successful convention in Prague
4. Willingness to co-operate on Research.

Discussions

- A general discussion on the subject of specifications took place and some recent project experience.
- Was requested that Geneva organise a zoom meeting with the ETG leadership and the individual leaders of the RTS prior to the Spring session, perhaps in February 2023.
