# The IPLOCA MEMBERS TECHNOLOGY PLATFORM

Powered by [TechnologyCatalogue.com](https://www.TechnologyCatalogue.com)

# ABOUT

Finding customers can be challenging at times.

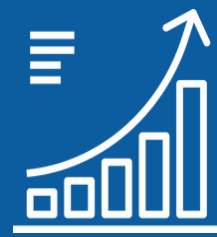

What if... you could promote your technologies and capabilities to potential clients at a far lower cost?

IPLOCA has partnered with TechnologyCatalogue.com to offer its members an IPLOCA portal to the Technology Catalogue - an online platform that modernises the way IPLOCA helps connect the innovative technologies of IPLOCA members to potential clients and facilitates knowledge sharing between members.

TechnologyCatalogue.com makes finding technology as easy as finding a restaurant and provides access to all the required support services to get the technology deployed.

Registering on the IPLOCA Member Portal is FREE. For more information about IPLOCA, visit [www.iploca.com](http://www.iploca.com)

# BENEFITS

BUILD AWARENESS FOR YOUR  
TECHNOLOGY AND INCREASE  
REVENUES

ENHANCED KNOWLEDGE  
SHARING AMONG IPLOCA  
MEMBERS

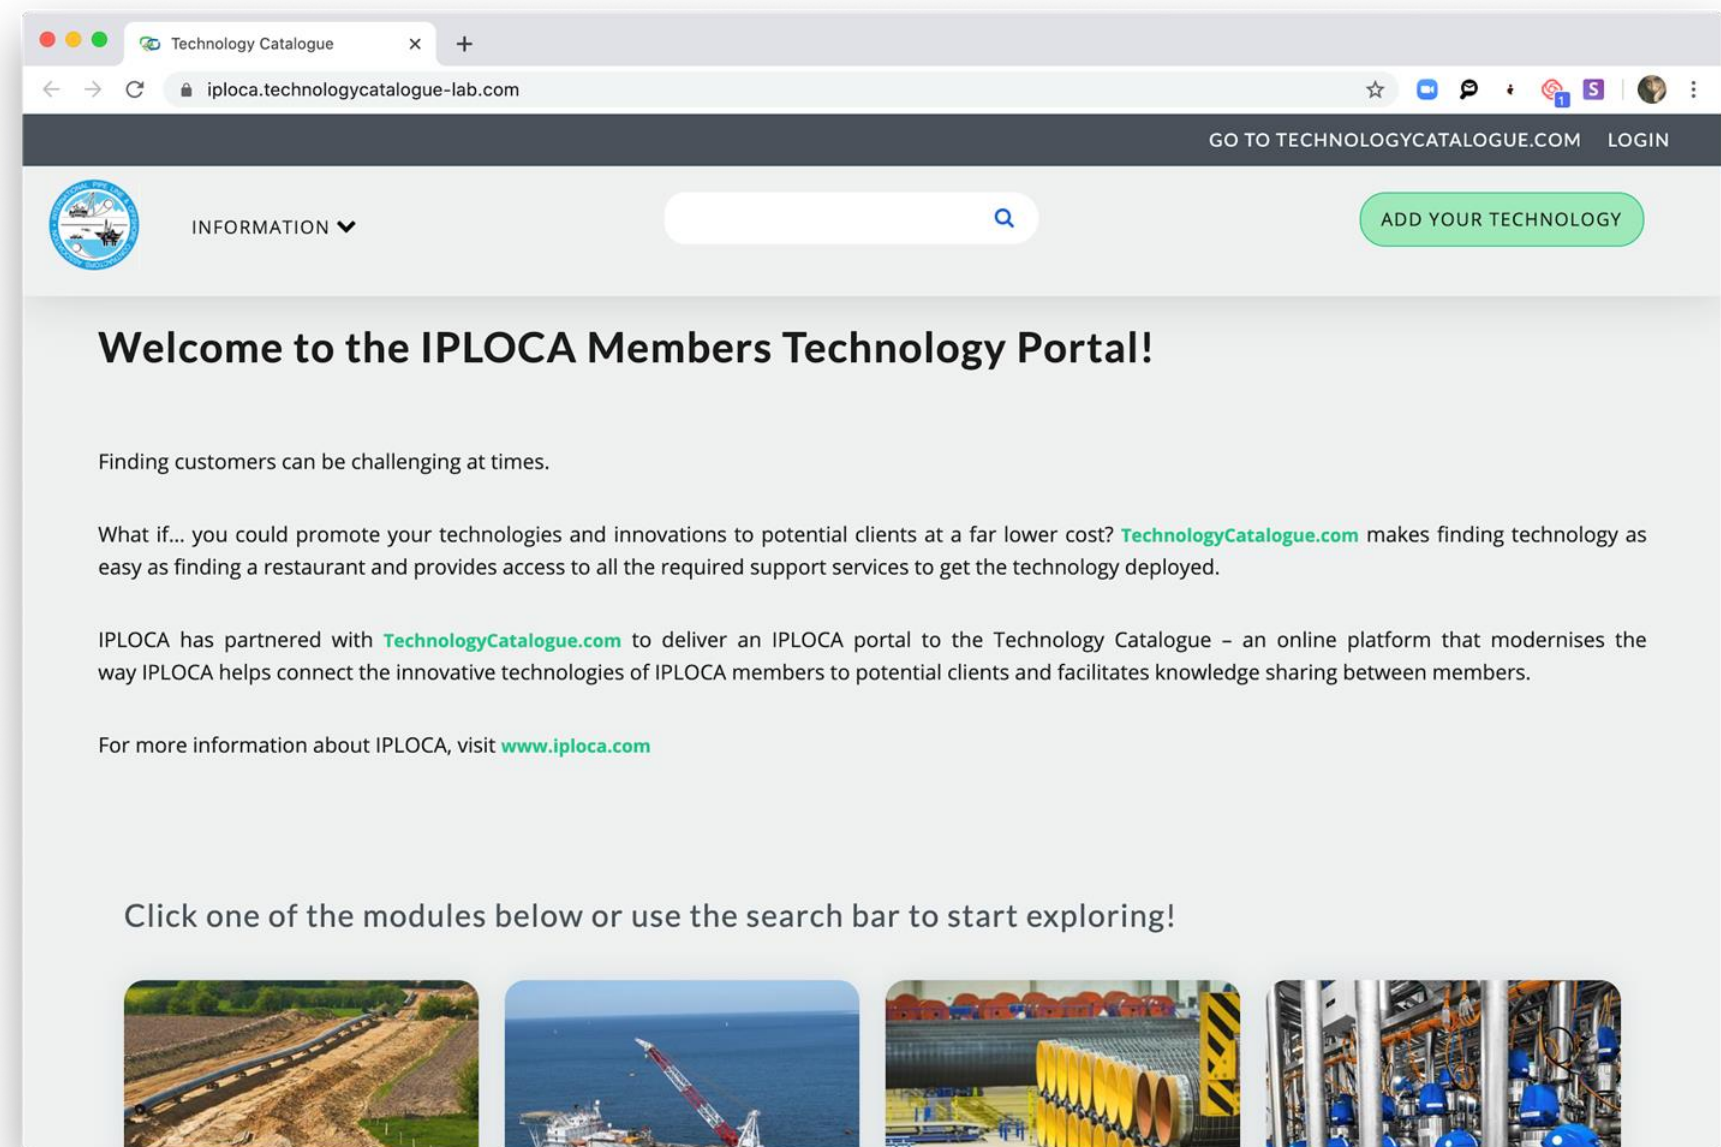

INTERACT WITH QUALIFIED  
TECHNOLOGY LEADERS

FACILITATED SYNERGIES  
BETWEEN TECHNOLOGIES AND  
CLIENTS

# Adding Your Technology is FREE

- A unique page per technology to **display your technologies**
- Technology visible to all users of the IPLOCA Members Technology Portal as well as all global users of [TechnologyCatalogue.com](https://www.technologycatalogue.com)
- **Reviews** from experts & users
- Showcase **deployment track record**
- **Questions from interested parties** directly via your page

# Most Recently Added Technologies

- Each free Technology page offers an overview of the technology description, all relevant technical specifications and a range of pictures and videos of the technology!
- We have more than 35 technology descriptions in our platform!
